\$250 Million Bond Issue Approved by Ohio Voters

MAYOR CRANMER ELECTED TO 5TH TERM

All Counties But 2 Endorse Proposal

COLUMBUS, Ohio (AP) — That extra penny tax, required for 92 months now on every pack of cigarettes sold in Ohio, is going to continue.

A majority of voters, in every county except Hamilton and Holmes, made that decision Election Day in approving the

\$250 million bond issue which the cigarette tax is calculated to pay off.

The unofficial incomplete count was: Yes 1,351,510, No 889,691.

The possibility exists of course, that someone will challenge it in the courts.

The extra penny, bringing the tax total to three cents a pack, March 5, 1956, to repay a \$150 million bond issue for capital

Democrats Win In Kentucky, Mississippi

But GOP Boasts Of Inroads Into Foe's Strongholds

WASHINGTON (AP)—Democrats kept control today of such keenly contested posts as the Kentucky and Mississippi governorships and the Philadelphia mayor's chair.

But tallies from Tuesday's elections led the GOP to speak of "dramatic inroads" into Democratic strongholds.

The Kentucky race was a close one. Mississippi Republicans, mounting their first serious attempt on the governorship since Reconstruction days, rolled up a considerable vote in defeat.

In Philadelphia, Democrats kept their grip on City Hall by about 67,000 votes—but this was their smallest margin in a mayoral race in 12 years.

In all of these races—plus some others—the issue of civil rights figured.

Politicians will be studying the tallies for 1964 omens to learn for example, whether a so-called "white backlash" against the militant Negro drive for more and better jobs, freer choice of housing and other aims, will hurt President Kennedy next year.

Republicans could look with satisfaction on such states as Indiana—where dozens of mayors' posts switched from Democratic to Republican. But the Indianapolis City Hall stayed Democratic by a narrow margin.

In San Francisco, Rep. John F. Shelley, D-Calif., apparently won out for mayor in an election officially billed as non-partisan. His opponent was supervisor Harold Dobbs, Republican.

In New Jersey, the Republicans kept control of the State Senate by a sweep, and moved toward taking the Assembly from Democrats.

In Kentucky, a still-incomplete count showed Democrat Edward T. Breathitt Jr. the winner for the governorship, but by only about 15,000 votes out of some 860,000 votes thus far counted.

His Republican foe, Louie B. Nunn, charged voting irregularities and asked supporters to "stand by the voting machines and ballot boxes."

Nunn, after first conceding defeat, said "the race is not over yet." But it appeared the uncounted precincts could not change the outcome.

Nunn, in his campaign, had borne down heavily in criticism of an order, issued by retiring Democratic Gov. Bert Combs, barring racial discrimination in businesses licensed by the state. He also had roundly criticized the Kennedy administration.

Kennedy could take no comfort from the Mississippi governorship result because both the winner, Democratic Lt. Gov. Paul Johnson, and the loser, Republican Rubel Phillips,

Russians Permit Convoy To Pass

BERLIN (AP) — A solid display of Allied unity was followed by a Soviet backdown on the East-West autobahn today, and a U.S. Army convoy rolled triumphantly into West Berlin.

A two-day war of nerves over Allied rights ended in the small hours after the British and

French sent units on to the 110-mile autobahn in support of the American convoy blocked since Monday by the Russians.

The British and French convoys went through without interference. And early today the Soviet officers dropped their demand that the 44 American soldiers submit to a head count. Then they pulled back the armored cordon blocking the autobahn near the West German border and the Americans went through.

Soon after dawn the 12-vehicle convoy arrived in West Berlin. The convoy's 25-year-old commanding officer, Lt. John Lamb of Wewantichka, Fla., sat erect and unsmiling in the lead jeep.

A big crowd waited through a cold and foggy night to cheer the convoy.

As soon as the convoy was safely through, the U.S. Army sent 56 more men on to the autobahn, traveling from West Germany to West Berlin in four vehicles.

This convoy, unlike its predecessor, dismounted for counting by the Soviets at Marienborn on the western end of the lifeline highway.

No erosion of Allied principle was involved, however. The Allies accept counting when a convoy carries more than 30 men in addition to the driver and co-driver of each vehicle.

The Soviets cleared the second convoy quickly.

With the autobahn tension temporarily lifted, the Army reinstated a Berlin exercise which had been twice postponed. More than 5,000 Americans, the entire U.S. brigade in Berlin, were ordered into their annual fall maneuvers to test city defenses.

A U.S. spokesman said the exercise is limited to Berlin and there is no possibility of a confrontation with the Russians.

Allied officials mulled over a variety of likely reasons for the Soviet blockade—the third in less than a month—and its sudden withdrawal.

One theory was that the Soviets wanted to force the Western Powers into negotiation on something which they have declared negotiable—their right

Brown To Seek Senate Post

Surprise Sprung By Ohio Official

COLUMBUS, Ohio (AP)—Ohio Secretary of State Ted W. Brown, one of the best Buckeye vote-getters ever, will test his appeal in the Republican primary for U. S. Senate candidacy next May.

Brown sprung odd timing in throwing his hat in the ring on the very date Ohio's news media were crammed with news of the general elections — which Brown overseas as secretary of state.

And he sprung a surprise in the bargain. Rumors of the past

Mayor Dean B. Cranmer (D) swept to his fifth non-consecutive term in office Tuesday by an almost two-to-one vote.

Ford Joseph Jr. (D) was re-elected to his second term as Council president over Rudolph M. Linder, and, in a surprise result, incumbent James G. Aldom (D) was unseated in a six-way scramble for three council-at-large posts.

Mayor Cranmer defeated his Republican rival, Nathan Harris, by a margin of 1,177 votes. The tally was:

Cranmer	2,560
Harris	1,383

A total of 4,047 votes, 593 short of the 4,640 counted in the last comparable municipal election in 1961, was cast in the balloting that returned a Republican majority to Council and gave the GOP six of the 10 contested municipal offices.

The other losers were Virgil E. Klepper and S. Elden Yates.

In the remaining Council contests, incumbent Albert Lesch (D) defeated Robert G. Hanna in the First Ward; Harold J. Astray (D) won re-election over Thomas B. Smith in the Third Ward; and Michael Schuller (R) was successful in his bid for the Fourth Ward post over Robert C. Straub.

2 County Levies Approved; Third Is Turned Down

Columbiana County voters renewed the tuberculosis and child welfare levies but turned down an additional levy for child care, according to the initial tally of Tuesday's election.

The 40-hundredths of a mill levy for continuing the Tuberculosis Clinic and services and the 55-hundredths of a mill for child welfare were renewed for five years by substantial majorities, but the extra levy of 25-hundredths of a mill for meeting increased costs and expansion of the child welfare program was defeated by 2,049 votes.

The TB levy passed with a majority of 7,198 votes and the larger child welfare levy by 4,542 votes.

The complete but unofficial vote on the three special issues, requiring only a majority vote for approval, was:

Child Welfare

Against	10,399
Extra Levy	
For	11,107
Against	13,156
TB Levy

Ellsworth Man Is Elected To Mahoning School Board

Harold G. Brown, Ellsworth businessman-farmer, and James E. Bennett Jr., Youngstown lawyer, were successful candidates Tuesday in a three-way race to fill two seats on the Mahoning County Board of Education. Edward H. Fee Jr. was defeated.

Bennett, in a try for his fourth term on the board, tallied the highest number of votes, 18,399, according to unofficial returns from the Mahoning County Board of Elections. Brown garnered 15,275 and Fee, 9,248.

Bennett's third term was expiring at the end of this year and the vacancy Brown will fill was one created by the decision of Jerome Hull, 80-year-old Canfield area orchardist-turkey grower, to decline another term in office. Hull has been an outstanding member of the board for 24 years, and is currently president.

Other members of the board are Dr. John C. Eschliman, Youngstown osteopath, who is vice president; H. O. Stanley of Damascus, retired postmaster and grocer; and Harold H. Ohl of Austintown, in the advertising department of the Youngstown Vindicator.

AUTOS COLLIDE

A two-car crash at the intersection of N. Howard Ave. and Stark Ave. was investigated by police at 12:15 p.m. Monday.

Police said a car driven by Alice M. Anderson of 494 W. 6th St. was traveling north on N. Howard when it was struck on the left side by an auto operated by Phyllis Jean Long, 34, of 220 S. Howard Ave. Police said Mrs. Long told them she was traveling west on Sugar-tree Court when the brakes on her car failed, causing her to go into the intersection and strike the other auto.

Canfield Man Is Injured In Road Mishap

A Canfield area motorist was slightly injured Tuesday in one of four district traffic mishaps, at least half of which were caused by wet pavement. A school bus was struck, but no one was hurt.

Marion Haus, 47, of RD 3, Canfield, was treated by a physician for whiplash of the neck after a two-car mishap at 5:10 p.m. on Alt. Route 14, about two miles east of Washingtonville.

The Lisbon barracks of the State Highway Patrol said Haus' car was struck from behind by another westbound auto driven by John Richey, 22, of RD 1, Hanoverton, as Haus was turning north. Richey was cited for failure to stop in the assured clear distance.

An East Liverpool school bus was struck by a car at 4:25 p.m. on Route 170, about two miles north of that city, but all persons involved escaped injury, the Patrol reports.

Roy E. Adkins, 66, of East Liverpool, the car operator, failed to yield the right of way at the Route 170 and 30 intersection and hit the left rear corner of the northbound bus, driven by Hal E. Emerson, also of East Liverpool. The Patrol cited Adkins.

A Beloit area woman motorist skidded on wet pavement and into two stopped cars on Western Reserve Rd., more than a mile west of the Ohio Turnpike overpass, Tuesday night at 9:20, the Canfield Patrol reports.

Mrs. Alice Stratton, 58, of RD 1, Beloit, braked her car as she was westbound on W. Reserve and caused minor damage to cars owned by John J. Bregar, 64, of S. Range Rd., North Lima, and John Albert Gifford, 44, of RD 1, North Lima, parked on the north edge of the roadway.

Wet pavement was at fault in one car Tuesday at 10:25 a.m., another mishap involving only on Route 14, three-tenths of a mile north of Columbiana. The Canfield patrol barracks said Joseph J. Mack, 57, of Cleveland was traveling south when he applied his brakes, lost control of his car and hit a guard rail.

They received more votes than George Heller, Robert Whitacre, who was named Monday to fill an unexpired vacancy on Council; Wayne Rudibaugh, Glen Rhodes, presently the Council president, incumbent Glen Baker, and David Lewis Stacey.

Elected to Middleton Township posts were Stewart Dyke, trustee, 220 votes, and Earl Davis, clerk, 235 votes. Both were unopposed.

E. Liverpool Keeps City Income Tax

EAST LIVERPOOL — East Liverpool voted by a decisive 666-vote margin Tuesday to retain the city income tax that already has provided \$253,190 in 1963 to help finance municipal government services.

Failing its fifth test in six years the tax issue carried in three of the city's four wards. It lost only in East End—the First Ward—where opposition centered in the four previous defeats. The final count showed:

For The Tax	3,337
Against Tax	2,671

The vote was on an initiative ordinance proposed by Trades and Labor Council, perennial foe of the issue, to repeal a tax of eight-tenths of one per cent enacted by Council in the spring of 1962.

The revenue measure had been a burning political issue in East Liverpool ever since 1958, when it was inaugurated under the administration of former Mayor Fred P. Lawrence.

In the latest report on the tax revenue, filed as of Oct. 31, Auditor Lawrence C. Applegate reported it brought in \$253,190 for the first 10 months of the year.

chances of survival are so small and because she feels the loss of a leg would be too great a handicap for the girl.

However, Juvenile Court has jurisdiction in the case because the girl has been under the care of the county since she was sent to Blossom Hill School a year ago for running away from home. Doctors discovered cancer after the girl complained of a pain in her hip.

Speaking in favor of surgery before Judge Whitlatch Tuesday were Drs. Robert W. Hopkins and F. A. Simeone of Metropolitan General Hospital. They contended that because of the child's youth and otherwise good health she may stand a better chance than the statistics show.

"We would like to get the mother's consent before the operation is performed later this week," Dr. Simeone said. "The child needs her love and support now more than ever."

Harding Gets 3rd Term At E. Palestine

EAST PALESTINE — Mayor Robert Harding was elected to a third term in Tuesday's general election which saw a Republican sweep of all offices.

Harding held a large lead in the three-way contest with James H. Knight, Democrat, and Stephen Bozick, Independent. The vote was:

Harding	845
Knight	414
Bozick	257

Chester Whitehouse, Ohio Highway Department supervisor for Columbiana County who resigned as Council president recently in a dispute over the incompatibility of the two posts, was elected over Homer Freer. The vote was:

Whitehouse	713
Freer	641

Charles Brant, another highway employee who quit his Council post in a similar dispute, was re-elected to Second Ward Council post, defeating Robert Maxwell. The totals were:

Brant	205
Maxwell	127

Both Whitehouse and Brant indicated prior to the election that they would not serve if elected, apparently clearing the

way for appointments to the two seats.

In East Palestine School District, a renewal of a 2.6 mill levy was approved by a wide margin:

For	1,233
Against	733

In the board of education contest, Atty. James Allison and Atty. Dorothy Rockenberger were elected to the two available posts, defeating John R. Wilhelm in a close race:

Allison	1,101
Rockenberger	1,051
Wilhelm	1,026

Unity Township trustee Wallace McCown won re-election over Bert Harding and Norman Huffman:

McCown	980
Harding	458
Huffman	741

Robert Smith was re-elected Unity Township clerk over James Grappo, Alfred Gregory, Robert Johnston and Albert Trapnell:

Smith	652
Grappo	372
Johnston	353
Trapnell	328
Gregory	476

Unity Township also approved a 1-mill levy for a fire district, designed to provide \$8,000 to support fire protection instead of utilizing an insurance rider plan. The vote was:

For	297
Against	220

Let's See the Lady Home

Certainly the least and last thing the United States can do officially for Vietnamese lives lost and shattered by international pressure in the counter-war against Asiatic communism is to help Mrs. Ngo Dinh Nhu return home safely.

This government even might find the grace to tell her it regrets the grief caused by the political murder of her husband and his brother, President Ngo Dinh Diem. Her husband, Ngo Dinh Nhu, was head of the secret police in South Viet Nam.

As for the rest of us loyal citizens of the United States and long-suffering taxpayers—we are mulling over in our minds the uprising that destroyed President Diems administration and caused him and his brother to lose their lives. We are not sure we like the idea that the uprising was sought by the United States and that joy was reported in official circles in Washington when news came that the government had been overthrown. We thought interference in other governments was for the Kremlin.

THIS IS the way our government used to do things when Latin America's banana republics were out of step; it used to seek the overthrow of other governments.

But that was supposed to have ended long ago. A good-neighbor policy was supposed to have supplanted international interference, which was left to authoritari-

an governments.

It was not so much that the immorality dawned on the United States but that the practice built resentment among people who wanted to manage their own affairs. It seemed more practical to win their confidence by keeping hands off — by living and letting live.

All this, of course, does not reckon with the cold war against the Communists. A billion dollars later and at the rate of a million dollars a day, the United States learned that the Ngos were corrupt and unpopular in South Viet Nam. It reversed its policy for keeping them in power at any cost. It wanted them out of power at any cost. It has had its wish fulfilled, apparently due to its own assistance.

IT IS INCIDENTAL that Mrs. Ngo Dinh Nhu was in this country when the end came. Her husband now is dead, her brother-in-law's government shattered, her own position as official first lady gone, her children in danger and her country likely to be in chaos if things go according to the usual pattern after strong governments have been overthrown.

The least we can do is make sure the lady gets home safely.

She is playing her politics in a rough league — rougher than she may have realized when she left South Viet Nam some weeks ago.

First Punishment, Then Reward

Nerves are jangled by repeated incidents on the Allied convoy route into Berlin. But among those taking a sanguine view of the incidents, two thoughts are foremost.

First, the United States is trying as hard to assert itself in the incidents as the Communists always referred to as Russians but who may very well be East Germans, too.

The issue is whether the United States will have something to say about convoy regulations, or whether all authority will remain with the Communists, where it has been before. It is a skirmish to determine who shall hold the upper hand.

THE DANGER is that in the skirmish someone might lose his poise and fire a shot that would lead to retaliation. The security against this danger lies wholly in the probability the Communists won't want to retaliate because what they are doing is part of a standard procedure.

Eventually, they can use their record of harassment as bargaining bait for some concession they want. It is the technique of creating a nuisance in order to win a favor for putting a stop to it. Communists have been good at this.

THEIR SKILL at this kind of international racketeering has turned the world against them.

A former president of the United States once characterized Communists as people who try every door in a hotel corridor on the off-chance of finding a few doors unlocked.

For a price—their price—they will promise to try no more doors until everybody has forgotten the last scare and grown careless.

Tuition has gone up in some of the colleges, but education still is not as expensive as ignorance.

When Winter Comes By Truman Twill

Snow was falling the other morning I zuzzed past my favorite service station one of those gusty early November blizzards that warn of worse to come.

My favorite filling station proprietor was at work. He waved and grinned. He knew that I knew how he felt about winter. We are as one.

Our worst peeve is autos, which are not designed to work well in snow and, in the hands of many drivers, should not be expected to work at all.

Next worst is our peeve against cold. To us, winter is the season when everything is stuck, broken, or covered with something unpleasant that has frozen to a crust—mustaches, moving parts in machinery, roads, you name it.

WE HAVE SHARED thoughts on these and other aspects of winter, my filling station proprietor and I. No one can get within 100 feet of us from November to May without learning what we think.

I can remember snow-clogged mornings when he and I have cursed in unison for minutes while he was gassing up my coffee grinder. I have seen him grapple with stiffened tires wrenched away from rims by the death grip of an ice rut, his jaw set and his eyes sullen as he brooded about the cruel punishment of a climate unfit for man or beast.

He fights winter. I endure it. I have

heard his sardonic laughter rise above the roar of the storm because snow was filtering down his neck and his eyelids were freezing shut. Me, I do not laugh sardonically. I moan.

It's coming again. Winter.

Monumental drifts will pile up head-high in the lane.

Icy roads will spin cars out of control and their drivers into the hereafter.

Temperatures will freeze a man's eyeballs into their sockets and turn his ears into crisp Danish pastries.

Winds will pluck breath out of human nostrils.

FROZEN, broken water pipes ...

Plans awry because cars won't start and roads will be closed ...

Emergencies twice as bad because of cold-weather complications ...

Luckless passengers frozen to death in cars, buses and trucks. Birds and animals starved to death in blizzards.

Disrupted communications when wires go down and poles are snapped off by skidding vehicles.

Soaring bills for heat.

Frost-damaged roads.

Wet feet. Head colds. Frost-bitten toes.

Broken legs. Spouting wrenched loose by ice. Leaking roofs when thaws come. Wet gloves, wrinkled clothing, steamed-over glasses.

Jingle bells, all. Oh joy.

FBI Counters Red Spies

By VICTOR RIESEL
Soviet espionage agents always "clean themselves" for several hours before making actual contacts with their secret

informers. No ablutions are involved. The phrase "cleaning oneself" is spy talk for attempting to make certain that no count erintelligence forces have the actual passage of docu-

ments, blueprints or other secret information under surveillance. A typical "cleaning" maneuver of the Russians is to drive swiftly into a one way street, turn around and then drive slowly back into it to trap any car that may be following them. Or, if on foot, the agent jumps from a bus to a taxi to a subway on his way to a "meet."

The Soviet spies picked up the other day at the Englewood, N. J. railroad station parking lot were no exception. They "cleaned themselves" for two hours. They drove back and forth past their contact. They made no sign of recognition. They gave no secret signal. They scrutinized every passer-by.

But they never did have a chance. Now it can be revealed that 90 FBI men in six "surveillance positions" covered them literally every inch of the way.

THE SOVIET agents, driving a 1955 green Ford which had no diplomatic plates, were under the command of Gleb A. Pavlov, attach of the Soviet Union's Mission to the United Nations. To make the actual pickup of secret data on the electric control system of the Air Forces' Strategic Air Command, Pavlov picked a site typical of other such Communist ventures in the United States — a dimly lit suburban railroad station.

The parking lot appeared to Pavlov to be completely deserted. One of his men, Yuri A. Romashin, the Soviet embassy's third secretary, had patrolled the area for over an hour as lookout man.

The moment was finally set for the big pickup. The document case was taken from the American contact and put in the back of the Russian car. Then the FBI men dropped their disguises and came out of their "stake outs."

What Pavlov did not know is that he had been followed similarly on other "meets."

It had been his practice to get a hotel or motel room to photograph the secret electronic documents with a special camera. If he could not get a lodging, he would use the car as a photo lab to copy documents regarding the industrial potential of the U.S.

J. EDGAR HOOVER'S men are accustomed to the Soviets' use of these suburban depots. Some time ago, Vladimir D. that

Loginov, a Soviet employee of the United Nations used the parking lot of a darkened Scarsdale, N.Y. railroad station at 10 p.m. to make a "meet" with someone who was giving him a forbidden aerial map of New York City.

Months later this same Scarsdale parking lot was utilized again by a Soviet agent to obtain similar restricted air shots of Chicago.

This time the Russian operative was Kirill S. Doronkin, another Soviet citizen employed by the U.N. In this operation Doronkin asked his man to get aerial photos of Portland, Ore., Seattle, San Diego and San Francisco. But the FBI nabbed him first.

Each time the Russian agents thought they had "cleaned themselves." But they just were not antiseptic enough.

FBI men have showed just as much skill in countering Soviet spies operating across our borders. Some time ago Nikolai I. Trofimov, a Soviet official in Mexico, began negotiating with a resident of the West Coast of the United States to get aerial photographs of 45 major U. S. cities. At least 19 of these cities are near Strategic Air Command bases.

The other municipalities are strategic cities near air bases, naval bases, research or training stations, atomic energy installations or vital industrial concentrations. The FBI, using its saturation technique, stopped

the operation before the Rus-

sian could get even a picture post card of Las Vegas.

FBI MEN have broken up far more massive Soviet efforts to loot our industrialism and map our cities for sabotage and possible A-bombing.

It was not long ago that Milos Prochazka, a Czechoslovakian in the commercial headquarters of the Czech embassy in Washington, gave an American citizen the specifications for the components of two big steel mills.

The Communist operative wanted the mills purchased in the United States for the Prague government.

Prochazka outlined his strategy. He wanted the American to act as an exclusive agent for the purchasing of the mills, ostensibly for a private concern in a Western European nation. The American was to obtain estimates of the huge cost.

The Czechs then were to furnish the American the name of the purchasing company being used as a front. There would also be a power of attorney and the necessary bank credit.

Once the mills were bought, they would be shipped to the camouflaged Czech agent in the Western country — and then transhipped to Czechoslovakia.

But here, too, Mr. Prochazka could not "clean" himself enough to get out from under the FBI. The Communist war machine never got the steel mills.

But they keep trying. And the FBI keeps countering.

FCC In Super Role

By DAVID LAWRENCE

The Federal Communications Commission is supposed to be a quasi-judicial and independent agency of the government but it has just intervened in a Kentucky election — unwittingly perhaps — to help the Democratic party in its effort to win a gubernatorial election there.

It also has undertaken to immunize President Kennedy from criticism for a statement which he made at his Sept. 12 news conference and which has been the subject of much controversy in political circles.

The commission need not have appraised at all the merits of what Mr. Kennedy said at his news conference. It simply could have told the inquiring broadcasting stations in Kentucky that they were not obliged to carry a statement issued by the Republican party there because no use of facilities by the gubernatorial candidates was involved. The commission, however, went further and described the Republican statement as a "distortion of the facts."

This, of course, was in itself not a comprehensive discussion of the differing interpretations which grew out of the President's ambiguous utterance at his news conference.

A REPORTER, in commenting on current politics and on the Negro vote, asked the President this question:

"Apparently a lot of Negroes support you — that is, the latest poll showed that 95 per cent probably would vote for you next year. Now, in your opinion, Mr. President, does this political self-segregation on the part of the Negroes, combined with continued demonstrations in the North pose any problems for you as far as the electoral vote

in the North is concerned next year?"

The President: "I understand what you mean, that there is a division in the party, in the country, upon racial grounds. I would doubt that. I think the American people have been through too much to make that fatal mistake. It's true that a majority of the Negroes have been Democrats, but that has been true since Franklin Roosevelt. Before that a majority of them were Republican. The Republican party, I'm confident, could get the support of the Negroes but I think they have to recognize the very difficult problems the Negroes face."

"So in answer to your question, I don't know what 1964 is going to bring. I think a division upon racial lines would be unfortunate, class lines, sectional lines. In fact, Theodore Roosevelt said all this once very well way back."

"So I would say that over the long run we are going to have a mix. This will be true racially, socially, ethnically, geographically and that is really, finally, the best way."

NOW, A NUMBER of Kentucky broadcasting stations had received a statement on a tape recording from an agency representing Republican nominees in the Kentucky campaign and a voice, presumably that of the President, spoke the last paragraph of the foregoing quotation about the "mix."

The Kentucky Broadcasters Association had asked for an opinion from the Federal Communications Commission in a telegram. The formal answer given by the chairman, E. William Henry was that the Republican announcement, as submitted to the broadcasting stations, was "an apparent distortion of the facts concerning the President's press conference," and hence the "policy" set forth in a previous ruling of the commission was applicable.

This "policy" held that "no discussion of the issues involved in any controversy can be fair

or in the public interest where such discussion must take place in a climate of false or misleading information concerning the basic facts of the controversy."

Who is to decide on the "climate" and to determine what is "false or misleading"? Where in the Constitution is it provided that any government agency may censor the writings or utterances of anybody during a political campaign or at any other time?

The FCC hitherto has refused to pass judgment in advance, as this would be contrary to the "no censorship" provision of existing law.

All the commission really had to do in this case was to tell the inquiring stations that they were not obligated to carry the Republican announcement since "there is no personal use of station facilities by a candidate involved."

Ann Landers Answers

Dear Ann Landers: My husband, Tony, is a barber. He works hard all day long and when the poor guy gets home at night he is pooped.

We both come from large families and I'm sick and tired of the way everybody takes advantage of him. For example, last week Tony's two brothers came over with their five sons and they all needed haircuts. It was 11 o'clock before Tony was able to sit down and read the newspaper.

Sunday my big-shot brother came over for a haircut. He is always "too busy" to get a haircut during the day. Then my uncle dropped in with his son and when he saw Tony cutting Angelo's hair he said, "As long as the scissors are out how about us, too?"

I can count 10 free family haircuts this week and it's only Wednesday. How can we put a stop to this without getting everyone mad at us?—TONY'S WIFE.

Dear Wife: If you want to keep a pair of sewing scissors in the house, okay, but all hair scissors should be at the barber shop.

From now on, when the fur-bearing chiselers arrive tell them, "Sorry, but the equipment is in the shop—no more haircutting at home"

Ivy Poisoning

Dear Ann: Please print this letter for the benefit of that heart-broken other whose son didn't get into Harvard, Yale or Princeton.

I can speak with authority because our son applied to all three schools and was accepted by all three. He is now a junior at one of these "choice" institutions of learning and I wish he had gone to a state university instead.

When Roland left for college he was wholesome, well groomed and, above all, normal. The first thing he learned away from home was how to look like a trap-hair uncut and falling into his eyes, filthy sneakers with torn shoelaces, pants so tight I don't see how he can sit down.

He argues with his father about politics and he quotes all sorts of far-out nuts.

So please don't be too unhappy that your son didn't make the Ivy League, mother, I'm sorry mine did.—ALSO HEART-SICK.

Dear Also: Sorry, Mom, it's not the Ivy—it's Roland. Every campus has it's far-outers and your son would have found them no matter where he went.

Annoyed Neighbors

Dear Ann: My boy friend who is 21 works a late shift at a garage. He gets off at midnight. I'm 19 and work a night shift as a cashier. I get off at 1 a.m. Paul usually comes over after work and we sit around and talk until 4 or 5 a.m.

The neighbors have plenty to say about Paul's leaving my house at these hours. Yesterday the woman next door told my father she thought it was disgraceful.

Because of this gossip my father says Paul can't come over after work any more. We can see each other only on weekends.

Do you think it is fair to penalize us just because our working hours are so different? I need your opinion.—NIGHT PEOPLE.

Dear Night People: So long as your parents know that Paul visits you at these kooky hours and if they are at home when he visits you, I can't see that this is any of your neighbors' business.

Confidentially

TO PERFECTIONIST OR NA4G: A girl who doesn't know enough to wash her neck and pull up her stockings should be told.

Ann Landers will be glad to help you with your problems. Send them to her in care of the Salem News, enclosing a stamped, self-addressed envelope.

Man Gets 1 to 5 In Store Burglary

LISBON — John R. Reed, 32, of 4th and Broadway, Wells-ville, was sentenced to 1 to 5 years at the Ohio Penitentiary Monday by Common Pleas Judge Joel H. Sharp for the daytime burglary Jan. 27 of the super foods store in Wells-ville.

Reed and George W. Sims, 34, also of Wells-ville had been indicted for the burglary. Sims pleaded guilty and was sentenced, but Reed stood trial and was convicted, but received another trial when Common Pleas Judge Raymond S. Buzzard ruled the state had not proved daytime burglary.

Prosecutor G. William Brokaw had Reed indicted for nighttime burglary at the same location by the September Grand Jury and had just rested the state's case when Reed pleaded guilty to the daytime burglary charge.

Auto Club to Get Latest Reports On Road Conditions

There's nothing that can be done to change the cold and snowy weather ahead, but the Columbiana County Motor Club is preparing to make these next few months less dangerous and more bearable for motorists.

Starting Nov. 18, the local auto club will have latest winter road condition and weather information covering Ohio and anywhere within a one-day drive of the Columbiana County area through the "AAA Iceicle Network."

Albert P. Morris, club manager, said the network, a direct line teletype hookup, connects 17 Ohio AAA clubs and others in states from the east coast to the Dakotas, and reaching south to Tennessee and the Carolinas. Information will cover 31 states.

Morris said road and weather information on Ohio and surrounding states will be available after 8:15 a.m., followed by eastern and southern conditions by 9 a.m. and midwestern information by 10 a.m. Additional reports will follow as changing conditions warrant.

Detailed Ohio information will be obtained through cooperation of the Ohio Department of Highways, which has 2000 radio-controlled vehicles checking latest conditions.

THIS IS NOT A RACE, but a test of fuels. A mileage test, using ten brand-new cars. Location: California's Mojave Desert. All ten cars got exactly the same amount of fuel. Each dark car got a blend just like Super Shell, but without Platformate, Super Shell's

mileage-boosting ingredient. Each white car got Super Shell with Platformate. The drivers were skilled professionals. They started together, accelerated to 50 and held that speed in formation until they ran out of fuel. For results, read below.

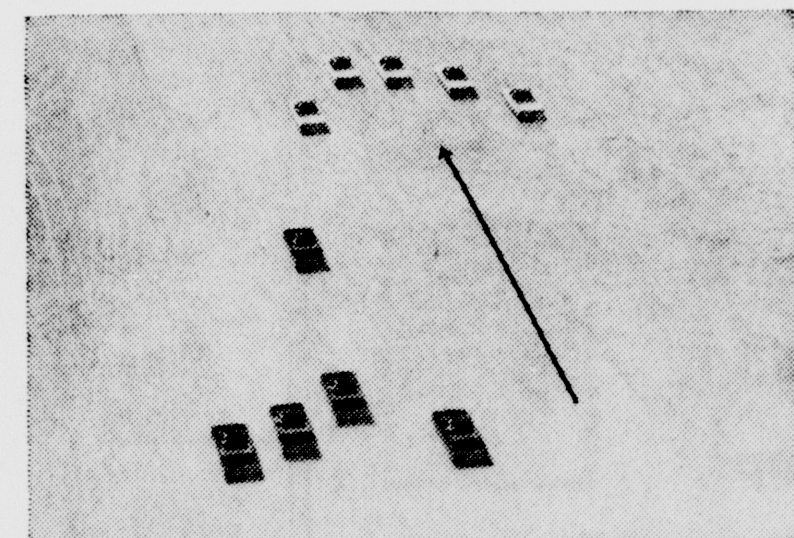

Dramatic mileage test proves that one of Super Shell's 9 working ingredients packs extra mileage into every gallon

1. Four miles after the start—one dark car without Super Shell's mileage booster falls back, out of fuel. Dark cars got gasoline blended just like Super Shell but without Platformate, Super Shell's mileage-boosting ingredient. White cars got Super Shell with Platformate. All cars got exactly the same amount of fuel. Above, first dark car runs out of fuel.

2. Seconds later, all five dark cars without Super Shell's mileage booster fall back, out of fuel. All five white cars, running on Super Shell with Platformate, are still going strong, getting extra mileage—from the same Super Shell gasoline you can get at Shell stations. Reason? Platformate can release more energy per gallon than the finest 100 octane gasoline.

3. White cars on Super Shell pull even further ahead, getting even more mileage—thanks to Super Shell's extra-mileage ingredient, Platformate. Platformate is one of Super Shell's 9 working ingredients to make your car work better. Fill up at the clean white Super Shell pump for good mileage!

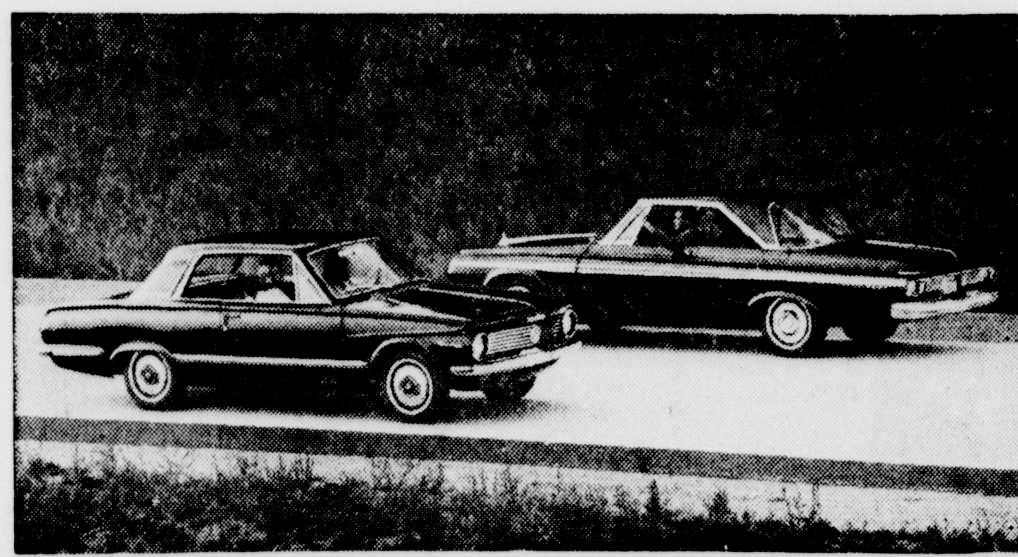

What the rest of Super Shell's 9 working ingredients do to help your car work better

Besides Platformate, Super Shell also contains the famous ingredient TCP*—that works for power when you need it and a smooth-running engine; two ingredients that fight knock; a quick-start ingredient; an ingredient for fast warm-ups; an ingredient to give you smooth power; a gum preventive; and an anti-icer. Fill up with Super Shell!

Hints from Heloise

DEAR HELOISE: If you have a child in the family who has the flu or a cold:

Take a rubber band and put it around the outside of his drinking glass so that you can identify it. Also put rubber bands around the outside rim of his soup bowl and drinking cup.

This way you can immediately identify his glass and other containers, and no one else will drink or eat out of them. This eliminates spreading the germs to the other members of the family.

GRANDMOTHER SADIE. DEAR HELOISE: I ironed my husband's seersucker suit with a hot iron. It completely "flattened" the material. What can I do now?

BUDGETEER. DEAR BUDGETEER: You failed to say if your seersucker is synthetic or what. Once seersucker has been mashed flat, the best way I have found to remedy the situation is to wring a bath towel out in hot water. Lay it on your ironing board. Cover it with ANOTHER piece of cotton cloth. (A clean dish towel will do.) Lay the crushed seersucker on top of this and using a THIN pressing cloth. . . GENTLY TOUCH your mashed material with a WARM iron.

The steam should bring back all the crinkles in the material (providing your seersucker wasn't synthetic and you melted it in the first place). Lots of crinkled crepe can be rejuvenated in this same manner.

THE MATURE WOMAN

It's doubtful that any mature woman really wants to set the clock back. Taking 10 or 15 years off her age would rob her of some of the most wonderful years of her life. If you are 40 or above, it would probably mean sacrificing all those memories of children growing up. But, by the same token, almost all women in this group would like to look a few years younger. The right hairdo and special attention to more cosmetic aids will provide the answer.

Regardless of your age, every feminine personality needs beauty attention. See us regularly.

This Rabbit May Make You Famous

Once upon a time in the Canadian Rockies, a tiny log-cabin restaurant served a cheese rabbit that surpassed the best efforts of the chefs at the large hotels.

The dish was famous but the recipe was a secret! And the trick lay in the seasonings. After lots of tastings and ponderations, we achieved a reasonable facsimile of the dish.

Recently we found this sort of rabbit could be made with the comparatively new canned cheddar cheese soup. In the following version we've added crab-meat, but the rabbit is also excellent with canned shrimp. Take your choice!

SPECIAL CHEESE RABBIT

2 slices bacon, diced, ½ cup each finely chopped onion and celery, 1 can (11 ounces) condensed cheddar cheese soup, 1 can (1 pound) solid-pack tomatoes, drained, 1 tablespoon lemon juice, ½ teaspoon sugar, ½ teaspoon curry powder, 1 clove garlic, minced, Tabasco sauce to taste, 1 can (7 ounces) crab-meat, drained and flaked.

In a medium saucepan, gently cook the bacon, onion and celery until the vegetables are tender. Stir in undiluted cheese soup, until smooth. Add drained tomatoes, lemon juice, sugar, curry powder, garlic and tab-

asco. Simmer for about 15 minutes, stirring occasionally. Add crabmeat; reheat but do not boil. Makes 4 to 6 servings.

Note: To drain the tomatoes,

turn into a strainer over a measure and allow to stand until there is a little over 1 cup of juice; use the juice in some other dish.

pital Farm for the period 1951-58 showed that tile 3 feet deep removed about 35 per cent more water than tile 2 feet deep. This increase was obtained for the spring months, March through June, the most critical season of the year. Within practical limits, increasing the tile depth is beneficial, provided the tile are not embedded in an impermeable layer. Depth also can be secured with little, if any, extra cost.

Spacing is a more important factor than depth, says Dr. Schwab. At Tiffin, a 55 per cent increase in water removed can be expected by reducing the tile spacing from 60 to 30 feet. These results are for a two-year rotation of corn and small grain. With small grain the percentage increase was slightly greater, but the actual depth of water removed was much less.

By using information on soil porosity and rate of water movement for a particular soil tile, spacings can be computed for any desired rate of drop of the water table in that soil. Results can be applied to conditions either with or without surface drainage.

Fall Planting Tips

If you plant your fruit trees this fall you'll be free next spring to take care of those "can't wait" garden activities. And your plants will have time to get established for vigorous growth early in the spring.

Such fruit trees as apples, pears and plums can be planted anytime after the leaves fall and before the ground freezes, says Eldon Banta, Ohio State University Extension fruit specialist. It's best to wait until spring to plant peaches, cherries, raspberries and strawberries because they are quite susceptible to winter injury and to excessively wet soil conditions

in early spring. All fruit trees should be in a dormant state for planting.

For best planting results, dig a hole 1½ times the diameter of the root system so the plant roots can be spread out. Place the top soil in the bottom of the hole and around the roots and then tramp the soil very firmly around the roots and water well. A tree should set about 2 inches, but no more, deeper than it stood in the nursery row.

Mulch any fruit plant set out in the fall, Bant advises. A mulch may be used around other fruit plants if desired. Pruning should be delayed until spring.

growth begins.

Very light pruning of apple, cherry, plum or pear trees may be done during the winter months, says Banta. Any heavy pruning, however, should be delayed until later, even for these fruits, in order to avoid winter injury to the wood. Trees should never be pruned while the wood is frozen.

For Proper Drainage

Tile depth and spacing are important because they affect the rate of drainage, as well as the cost, reports Dr. G. O. Schwab, agricultural engineering at the Ohio Agricultural Experiment Station.

In uniform soils deeper drains can be spaced farther apart. However, in Ohio, most subsoils are relatively impermeable, and water moves through them slowly. In such stratified soils the variation in tile depth is usually limited to the range of 2½ to 4 feet.

Council OKs Tax Rates At Columbiana

COLUMBIANA — A resolution accepting the 1964 tax budget of \$29,949 outside the 10-mill limitation and \$32,252 from inside the 10-mill limitation as determined by the budget commission, was passed during Tuesday's Village Council meeting.

Visitors at the meeting included Alex Rutecki, Columbiana County director of Civil Defense, and Robert Patchen, local director. Rutecki noted that the county's civil defense system ranks 11th among the 88 counties in Ohio.

Patchen, who was presented a document by Mayor Lee Harold from the Civil Defense Corps of the State of Ohio officially appointing him director of civil defense in Columbiana, stated that the new addition to the Presbyterian Church may qualify as a possible third shelter.

In other business, Solicitor Jack Kuhlman was requested by Council to draw up an ordinance advertising for bids for a half-ton pickup truck to be used by the street department.

A resolution seeking assistance from the state department of highways for the repairing and repaving of State Routes 164 and 344 was also passed by Council.

Clerk George Snoko read a letter from the Ohio Fuel Gas Co. stating that gas rates would be increased one and one-half cents per 1,000 feet beginning Dec. 1.

Whinnery Gets Perry Trustee Post

Glenn A. Whinnery won the three-way race for a single Perry Township trustee post by a 200-vote margin in Tuesday's election.

Whinnery, a refrigeration service engineer, beat out Ernest R. Rufer and Anthony Sheen. The count was:

Whinnery	1,615
Rufer	1,413
Sheen	1,076

Rufer is township foreman and road superintendent, and Sheen is a self-employed battery distributor.

The trio were contending for the trustee post relinquished by veteran Joseph G. Reese, who did not seek re-election.

Richard L. Hutcheson, who was unopposed, was renamed to the township clerk's post. He received a complimentary vote of 2,969.

The trustee and clerk terms are for four years and pay an annual salary of \$1,200.

A total of 4,554 township and city residents went to the polls yesterday, 507 in the rural township areas.

Republicans Victors In E. Liverpool

EAST LIVERPOOL — Merrill D. Hall, veteran high school teacher and former basketball coach, will lead a new Republican administration into City Hall Jan. 1, following a 100 vote victory over Councilman Frank P. Duffy, Democrat, in a closely fought mayoralty race in Tuesday's general election.

Complete but unofficial returns from the city's 34 precincts showed:

Hall	3,070
Duffy	2,970

Becoming East Liverpool's first GOP mayor since the 1958-59 biennium, Hall will succeed Mayor Bert H. Goodballet, who has served two consecutive terms, losing to Duffy in the Democratic primaries in May.

When entering the primary, Hall promised that he would resign from his school post in time to take over the mayor's office on a full-time basis. He also is high school athletic director. Hall has been a teacher for 35 years.

Duffy, a veteran employee of the Harker China Co., is a past president of Trades and Labor Council.

So They Say

I just think that woman's place is not in the pulpit. I think women have a different role in ministry... a pastoral duty, a staff role.

statewide question, and the total vote was only slightly more than 2 million, far fewer than the almost 6.8 million Ohioans eligible.

A simple majority was required to approve the bond issue. The legislature put it on the ballot in the form of a constitutional amendment because Ohio's constitution sets a debt limit unless voted otherwise by the people—as was the case Tuesday.

The amendment limits the amount of bonds that can be sold in any one year to \$100 million and requires all be sold by Dec. 31, 1972. The schedule calls for five annual issues of \$50 million each.

Maturity dates cannot exceed 30 years.

Funds are to be allocated this way—\$175 million for buildings and sites (but not dormitories) for state-supported or assisted universities, including branches, community colleges and municipal campuses; \$35 million for new classrooms in distressed areas where the tax duplicate will not stand further debt; \$25 million for water impoundment sites, parks and recreation areas and other conservation efforts, and \$15 million for state offices and institutions.

Goshen Township residents voted in favor of both new and renewal levies in the West Branch School District. They voted 31-252 for the new school levy and 410-169 for the renewal. Western Reserve's Levy Gets Renewal

BERLIN CENTER — Balloters in Western Reserve School District gave a 72 percent affirmative vote Tuesday to the renewal of a 3.3-mill operating levy.

The vote ran 454 in favor of and 171 opposed to the measure, which Superintendent of Schools Maurice Jones said will provide \$27,000 annually to enable the schools to "carry on the existing program."

Two Men Charged With Contributing

LISBON—Two Wellsville men were released on \$1,000 bond each Tuesday by Juvenile Judge Louis Tobin on a charge of contributing to the delinquency of a 17-year-old Irondale area boy.

Angelo Infanti, 41, proprietor of a Wellsville cafe, pleaded not guilty to selling beer to the boy, and Wade Cunningham pleaded not guilty to purchasing beer for him.

Both men were cited by Juvenile Officer James Miller after investigation showed that beer was given to the juvenile who later figured in an altercation with Charles Woerner, 18, and Raymond Baker, 18, of Wellsville early Saturday morning in a fight at the cafe.

West Branch And United Levies Win

Voters in the nearby West Branch and United Local School Districts passed two school levies Tuesday.

In the West Branch district, renewal of a 10.1-mill levy passed 9,374 to 399 and a new .2-mill levy was sanctioned 737 to 564.

The 10.1-mill levy will produce approximately \$23,500 for operating expenses and the .2-mill levy will provide about \$2,700 to meet current bills.

With all votes tabulated, a new three-mill levy in United Local School District was passed 724 to 507 and a six-.mill levy (5.10 renewal and .90 new) was okayed 888 to 389.

The three-mill levy will provide approximately \$37,000 for operating expenses.

Henry Loudon and Roland Dorr won seats on the United School board, defeating Shirley Whitacre, Fred Bates and John Bortier.

The vote for school board was:

Loudon	710
Dorr	680

made a point of opposing him and integration.

The Republican vote was smaller than Phillips hoped for — with 1,580 of 1,877 precincts counted it stood: Johnson 172,237, Phillips 101,605. But it's something new for a Republican to get that many votes for Mississippi governor.

The victor in the Philadelphia mayoralty fight was Democratic Mayor James H. J. Tate, for whom Kennedy made a campaign trip. Loser was James T. McDermott, 37-year-old lawyer who never has held public office.

In New York City, voters approved 3-1 a proposal to legalize off-track betting on the horses. Since the vote was only advisory, any action will be up to the State Legislature.

Among hundreds of mayors elected were:

Salt Lake City — Mayor J. Bracken Lee, right-wing Republican, re-elected in nonpartisan race.

Boston — Mayor John F. Collins re-elected in nonpartisan contest.

Indianapolis — Democrat John J. Barton elected to mayor's chair his party has held for eight years.

Columbus, Ohio — Former Mayor Maynard E. Sensenbrenner, Democrat, elected in a comeback.

Another was that the Soviets wanted to flex their muscles in advance of Communist bloc talks intended to denounce Red China's heresies. The Peking Reds charge the Russians are too soft with the West.

In Washington, U.S. officials said the Americans had made no concessions to obtain release of the convoy.

President Kennedy was advised several hours before the convoy's release of the Soviet decision to end the latest autobahn confrontation. At the time he was conferring at the White House on the incident with Secretary of State Dean Rusk, Secretary of Defense Robert S. McNamara, Air Force Chief of Staff Gen. Curtis Lemay and other officials.

There was no hint of what steps were contemplated if the Soviets had not bowed to Allied pressure. However, officials said the blockade carried the seed of a serious situation.

Wellsville Picks Daugherty Again

WELLSVILLE — Wellsville re-elected Mayor William Daugherty, a Democrat, in Tuesday's general election but gave eight of the remaining municipal offices to Republicans.

Brown

(Continued from Page One)

couple of days had Brown seeking national office — but they centered on the congressman-at-large race.

Instead, the veteran campaigner became the first to announce he will seek the Senate Stephen M. Young, a Democrat. Brown put his petitions in the mail on Election Day, and in an accompanying letter explained what he indicates would be his prime mission in Washington:

"... To analyze the tendencies, if not the designed efforts, to further encroach upon many avenues of state and local functions and their taxation fields, and to effectively repel such trends."

Speculation has had it that U.S. Rep. Robert Taft Jr., the present Ohio congressman-at-large and son of the late U. S. senator, may seek the Republican senatorial nomination. This possibility figured in the belief that Brown's announcement — promised today but advanced to Tuesday night — would be as an aspirant for Taft's job.

Others mentioned frequently as possible GOP Senate hopefuls are John W. Bricker, former governor and U. S. senator, and John Marshall Briley, who lost to U. S. Sen. Frank J. Lausche in the 1962 election. Young is expected to announce later this month whether he will stand for re-election. Reports from Washington have had the White House trying to get Lt. Col. John H. Glenn Jr., the Ohio astronaut, into the race in Young's stead.

Three incumbent Republicans, John Barrow, George Herrman and Carl Keller, were again chosen to serve on the board of trustees of public affairs over Democrats Harry Keylor, Joseph Magill and Tracy Powell. The tally was:

Barrow	930
Herrman	852
Keller	787
Powell	685
Keylor	544
Magill	515

In the Columbiana board of education race, two incumbents were also re-elected. Willard Ferrall and Richard Reash, both of whom will be serving their second terms, won out over Joseph Keck and Merle Esterly.

The vote was:

unopposed for re-election.

Mayor Cranmer assumed an immediate lead as the precincts began reporting their totals and never relinquished his numerical advantage. When all of the city's 23 precincts had relayed their results to election headquarters at City Hall, the mayor was behind in only two — 1-G (58-78) and 4-D (79-112).

"I certainly appreciate the confidence the voters of Salem have shown in re-electing me," Mayor Cranmer said. "I will continue to try to keep Salem on the move, regardless of politics."

Harris, who operates the Roy W. Harris & Son Printing Co., was making his initial bid for political office.

In the contest for president of Council, Joseph, manager of the National Dry Cleaners, outdistanced his opponent by 437 votes.

The tabulation was:

Joseph	2,174
Linder	1,737

Linder, sales manager of the specialty division of the Salem China Co., previously served six years as Council clerk, six years as First Ward councilman and also was president pro tem of Council.

The council-at-large totals were:

Rance	2,182
Zimmerman	2,105
Wilson	1,919
Aldom	1,770
Klepper	1,377
Yates	1,208

Rance, who is completing his first term, is personnel manager of the E. W. Bliss Co. Zimmerman, a veteran Fourth Ward councilman, was running for an at-large post this time because of his desire to serve as a councilman representing all city residents. He is advertising manager of the Electric Furnace Co.

Wilson, who has not held political office before, is an employee of the Ohio Bell Telephone Co. Aldom, a restaurant proprietor, previously served one year as Council president.

Results of the First Ward race were:

Balloting in the Third Ward contest was:

The Doctor Says

By Dr. WAYNE G. BRANDSTADT

Plastic Lining Aids Speechless

If you have ever tried to call out in the course of a nightmare and couldn't shout above a whisper, you can understand the nightmare of a permanent loss of voice. Paralysis of the vocal cord on one side may occur from various causes, but the result is an inability to make yourself heard.

Until recently the treatment of this condition has been unsatisfactory. Efforts have been made to strengthen or tighten the loose cord by injecting a foreign substance into it that will be tolerated by the tissues, will not set up an inflammatory reaction and will not disappear from the tissues by absorption.

Dr. Brandstadt self hard.

Dr. LEWY explained that vocal sound is possible only when there is a tension or tightening in both the right and left vocal

cords while the exhaled air is passing between them. After the mixture is injected into the paralyzed cord the glycerin in the mixture is absorbed, but the Teflon remains and gives solid support to the cord. Although the cord is still paralyzed, enough of the plastic is injected to make the cord about one and one-half times its normal thickness and this is sufficient to act with the non-paralyzed cord on the opposite side to produce normal voice sounds.

The results have been dramatically shown by making tape recordings of the voice before and after the operation. This operation requires only 10 or 15 minutes and is done under local anesthesia. Those who have needed the operation have been enthusiastic about the results.

Q—Please explain what is meant by the terms G-U and L-S spine?
A—A G-U disorder is a disturbance of the genitourinary tract. This covers a host of conditions ranging from mild to serious. The L-S spine is the lumbosacral or lower spine.

Sanity Test

By HAL BOYLE

NEW YORK (AP)—How can you tell if you're normal? There is great interest in mental health today in a world so confused and confusing that everyone at times feels so mixed-up he must be off his rocker.

The chaos is compounded by the amateur prescribers, who feel that having read 10 pages of Sigmund Freud entitles them to turn every cocktail party into a session of group therapy.

This is the kind of person who used to have a cure for the common cold that never worked. Now he feels entitled to dip his clammy hands into your mind and play marbles with your phobias and fears, or separate your id from your idiosyncrasies.

Perhaps such a person has you convinced you are hopelessly neurotic.

But are you really? We have prepared a small guide for the mentally perplexed that may be of help to you. Ask yourself the following questions.

Do you, while making a deposit at a bank, often wonder secretly how hard it would be to rob the place? Are you convinced that most

repairmen are engaged in a conspiracy to rob you blind?

Does the butcher habitually give your neighbor a better piece of meat than he does you?

Are you sometimes terrified by whether you should eat your dessert with a fork or a spoon?

Do you often feel that every other shopper in the supermarket is trying to push in front of you in the checkout line?

During an argument with your wife, if male logic fails to im-

press her, do you find yourself resorting to shouting?

While shaving, do you talk to yourself in the mirror more often than you did 10 years ago?

If you answered yes to all these, quit worrying about your mental health. Your mind is as sound as a nut. You are just neurotic enough to be properly adjusted in a world in which a

guy who has no suspicions also lacks the common sense to know what's really going on.

Only by being unreasonable now and then can you stay normal in an abnormal time.

Seven Ohio 4-H club members have won expense-paid trips to the National 4-H Dairy Conference in Chicago, Dec. 5-7, reports Albert F. Gehres, state 4-H club leader.

The delegates include members of an award-winning 4-H dairy judging team from Crawford County and three club members chosen for the trip because of their outstanding work in dairy efficiency projects.

The Crawford County team, an award winner at the Ohio State Fair, includes Allen Gar-

verich and his sister, Barbara, of Galion, and Craig and Tim Cook of Bucyrus.

Those 4-Hers selected for the trip because of their dairy efficiency projects are Robert Stroup, Garrettsville, Portage County; Cliff Finton, New Philadelphia, Tuscarawas County; and Earl Amstutz, Yellow Springs, Greene County.

Cooking Is Fun...

GOOD OATMEAL COOKIES
2 cups sifted flour, 1 teaspoon salt, 1 teaspoon baking powder, 1 teaspoon cinnamon, 1/2 teaspoon baking soda, 1 cup shortening, 1 cup firmly packed brown sugar, 2 eggs, 1/2 cup drained crushed pineapple, 1 cup finely chopped dates, 1 cup quick-cooking rolled oats.

Sift together flour, salt, baking powder, cinnamon and baking soda. Beat together shortening, brown sugar and eggs until blended; add sifted dry ingredients and beat until

smooth. Stir in remaining ingredients. Drop by tablespoonsfuls onto greased cookie sheets. Bake in moderate (350 degrees) oven 12 to 15 minutes. Remove from cookie sheets immediately; cool on wire rack. Makes 5 dozen cookies.

SHRIMP SALAD
2 cans (4 1/2 ounces each) cleaned deveined shrimp, 4 tablespoons salad oil, 2 tablespoons wine vinegar, 2 tablespoons mayonnaise, 2 tablespoons chili sauce, 1 teaspoon prepared mustard, 1-3 cup diced

celery, 1-3 cup diced cucumber, salt and pepper to taste, 1 shallot, minced (if desired). Salad greens.

Drain shrimp; rinse in cold water; drain again. Beat together well the oil, vinegar, mayonnaise, chili sauce and mustard. Mix shrimp, dressing, celery, cucumber, salt, pepper and shallot (if used). Arrange on salad greens. Makes 4 servings.

JIM BEARD'S FAVORITE MEAT LOAF
2 pounds ground beef, 1 pound ground pork, 2 garlic cloves, finely chopped, 1 fairly large onion, finely chopped, 1 teaspoon salt, 1 teaspoon freshly ground black pepper, 1 crumbled bay leaf 1/2 teaspoon crumbled

thyme leaves, 1 teaspoon chopped green pepper, 1/2 cup dry bread crumbs, 2 eggs, Salt pork. Mix all ingredients except salt pork thoroughly and knead with the fingers until the mixture is very thoroughly blended. Form into a long loaf or cake and press firmly. Arrange enough slices of salt pork on the bottom of a baking pan to hold the meat loaf. Brush the loaf with butter and cross with 2 to 4 additional slices of salt pork. Roast in slow (225 degrees) oven, basting occasionally, for 1 1/2 to 1 hours, or until the meat loaf is cooked through. Constant basting makes a moist loaf. If you serve this meat loaf hot, let it stand on a hot platter for 10 to 15 minutes before you carve it, to settle the juices. It is even more delicious when served just at a temperature between warm and cold, with a salad. It is excellent served in thin slices the next day, and it makes superb sandwiches.

Texas Favored Over Baylor

Scribe Also Picks Ohio State, Irish

By HAROLD CLAASSEN
Associated Press Sports Writer
NEW YORK (AP) — And then there were three.

Nine weeks ago every college football team had an unblemished record and every coach dreamed of an unbeaten season. Now only three big time teams remain unbeaten and untied — Texas, Auburn and Princeton. Each meets a formidable rival this weekend but each should squeak through and continue unscathed into the campaign's final weeks.

Nine weeks ago all football forecasters also had perfect records. Now this corner is only

.733 perfect on 267 correct guesses and 97 incorrect ones following last weekend's 41-18-695 figures.

Here's how this week's games should finish:

Texas over Baylor: The Southwest Conference title could be decided in this one. Every time Texas gets in trouble, the Longhorns call on shoeless Tony Crosby to kick them out of it. Don Trull's passing will stymie the Longhorns for a time.

Ohio State over Penn State: Almost every week Ohio State comes up with an unknown to pester its foes. Last week it was Tom Barrington. No telling who it will be this time around.

Auburn over Mississippi State: Jimmy Sidle of Auburn is the nation's top running back and the Mississippi Bulldogs haven't the speed to catch him.

Princeton over Harvard: Everybody raves about Tiger fullback Cosmo Iacavazzi and his bruising power but have you noticed that Princeton's defenders have yielded only 33 points all season?

Mississippi over Tampa: The spectators' money should be refunded.

Navy over Maryland: Roger Staubach will wave the magic wand and all of Maryland's dreams will evaporate.

Illinois over Michigan: Brother Pete Elliott gets revenge for the 14-10 defeat administered by brother Bump Elliott a year ago, despite the Wolverines' newly discovered aerial attack.

Washington over California: The Huskies have Rose Bowl fever.

Notre Dame over Pittsburgh: Despite Fred Mazurek's heroics, Notre Dame will close its home schedule with a victory.

Oklahoma over Iowa State: The sparse Iowa State roster doesn't have manpower enough to handle the speedy Oklahomans.

Purdue over Michigan State: The Boilermakers will find a way of stopping Schemm Lewis, the Spartans' scabbard.

Others: Cincinnati over North Texas State, Missouri over Colorado, Indiana over Oregon State, Iowa over Minnesota, Nebraska over Kansas, Ohio University over Western Michigan, Oklahoma State over Tulsa, Wichita over Dayton, Wisconsin over Northwestern.

Browns In Rematch With Steelers Next

CLEVELAND (AP) — The Cleveland Browns play their third straight rematch of the season Sunday, this time at Pittsburgh against the rugged Steelers. The Browns are hoping for more satisfying results than the past two weeks.

Cleveland won its first match with New York 35-24, then were crushed 33-6 in the second meeting. Against Philadelphia, the Browns won 37-7 in Cleveland but just squeaked by the Eagles 23-17 a week ago.

The game before a sellout crowd of 55,000 in Pitt Stadium will be the first time this season the Browns have played two games in a row on the road.

The Browns will have to stop the Steelers' passing attack, led by Ed Brown, who had a great night against Cleveland in the first meeting. His favorite receivers are Buddy Dial and Red Mack. Halfback Dick Hoak is the key runner. Theron Sapp will do most of the job at fullback, although John Henry Johnson has recovered from an ankle injury.

Scheffing, Hemus, Metro Being Considered

Bauer Emerges As Top Candidate For Orioles Managing Job; Eddie Stanky Turns Down Post

By JOE REICHLER
Associated Press Sports Writer
NEW YORK (AP)—Baltimore Coach Hank Bauer emerged today as the leading candidate for the Orioles' managing job following the withdrawal of Eddie Stanky.

Baltimore club president Lee MacPhail acknowledged Tuesday he had offered the post to Stanky, former star National League infielder and ex-manager of the St. Louis Cardinals, and said he had three or four other candidates in mind but declined to identify them.

It was understood, however, that MacPhail was giving serious consideration to Bauer as well as to Bob Scheffing, Solly Hemus and Charlie Metro. He hadn't ruled out Stanky despite Eddie's decision to remain as

personnel director of the Cardinals. "We're in no particular hurry," said MacPhail, who has been seeking a manager since the dismissal of Billy Hitchcock at the end of the 1963 baseball season.

Stanky, who managed the Cards from 1952 to May, 1955 has been in the Cards' front office since 1959.

The longer MacPhail waits the more likely it becomes that his eventual pick will be Bauer. The former outfield star of the Orioles as a coach last year following a brief fling as player, then as manager of the Kansas City Athletics.

Scheffing, who was dismissed as manager of the Detroit Tigers last summer, has entered the radio field as broadcaster of the Tigers' games. Metro, who was head coach in the Chicago Cubs' unique managing system in 1962, is a scout with the Chicago White Sox. Hemus managed the Cards from 1959 to July, 1961, and was a New York Met coach in 1962-63.

OUT OF DOORS with Field & Stream

Nov. 15 is 'H' day to an estimated half-million Ohio hunters when the upland game season opens.

On this date, hunters will realize the expectations which they have been building up all fall as they begin to seek rabbits, ring-necked pheasants and quail.

The hunting day opens at 9 a.m. and closes at 5 p.m. daily. The legal daily bag is four rabbits, six quail, two cock pheasants (or hens on special areas) and two Hungarian partridges with a possession limit after the first day not to exceed two days legal limit. In addition, there are other game species already in season, so the opening day hunter can legally take a sizeable mixed bag.

Cottontail rabbits are estimated to be 15 per cent below last year's population. The rabbit season extends through Jan. 31.

The season on ringneck cocks extends through Dec. 14 on public lands. In the south pheasant hunting zone, the boundaries of which are shown on the hunting and trapping digest issued with each hunting license, and on special wildlife areas listed hereafter, either cock or hen pheasants may be taken through Jan. 31. The special wildlife areas include Auburn Marsh and Hambden Orchard, Geauga County; Pleasant Valley, Ross County; and Spring Valley, Greene and Warren Counties.

The pheasant population has been estimated to be 30 per cent below last year's numbers. Hungarian partridges have the same season and bag limit as ringnecks.

QUAIL HUNTING runs through Dec. 14 on state-owned or controlled land. In addition, an extended quail season to Jan. 11 has been set for the Delaware Reservoir, Cooper Hollow, Indian Creek, Pleasant Valley, Ross, Rush Run, Spring Valley, Tranquility and Wolf Creek Wildlife Areas only. Quail are also about 30 per cent below last year's population.

Trapping also begins at 9 a.

m. on Nov. 15 for minks, muskrats, raccoons and opossums. The season extends through Feb. 15, 1964, for raccoons and opossums and through Feb. 23 for muskrats and minks. All traps must have a tag attached bearing the name and address of the owner.

Hunting for raccoons and opossums begins at 12:01 a.m. on Nov. 15 and thereafter the hours are 6 p.m. to 6 a.m. There is a daily bag limit of four coons per hunter.

There is no closed season on skunk and weasel and there is no open season on Reeve's pheasant, snowshoe hare or wild turkey.

"Don't forget to buy and wear a hunting license," Dale E. Whitesell, chief, Division of Wildlife, reminds hunters. "And, if you hunt on private land, be sure to get permission from the landowner. For those who do not have a place to hunt, there are about half a million acres of public lands on which hunters are welcome."

THE OHIO GAME protector force is near full strength once again and every man will be in the field on opening day to enforce the laws and keep would-be violators in line.

"Know the laws, get permission to hunt and hunt legally and carefully," Whitesell said. "We want every hunter to enjoy himself while hunting."

"The Coonskin Cap Brigade is urged to continue its efforts in detecting and suppressing fires in the outdoors," Whitesell concluded. "With a large population of hunters outdoors on opening day, they should be able to keep a guardian eye on the fields and woods of Ohio."

Liston, Clay Sign For February Title Fight

By FRANK PITMAN
DENVER (AP) — Mid-February is the time and Los Angeles is probably the site for Sonny Liston's defense of his heavyweight boxing championship against Cassius Clay.

In a zany setting Tuesday, they signed contracts for a 15-round title fight expected to gross a record \$6 to \$8 million.

Two separate Los Angeles groups, one headed by former champion Joe Louis, offered guarantees of more than \$1 million for the right to stage the

battle. Jack Nilon, Liston's advisor, said other bids have been received from Minneapolis, Chicago, Miami and Las Vegas. He said the site will be announced within two weeks.

Clay, unbeaten since turning pro in 1960, will get 22½ per cent of the receipts — describe as a record for a challenger. Liston, who received 12½ per cent in his challenge fight against Floyd Patterson in Chicago, will get 40 per cent.

Spontaneous comedy spiced

the contract signing at the Denver Hilton.

Shouting, "I'm the greatest, here comes the next champion," Clay swaggered in the room.

He first refused to sit beside Nilon, who was seated beside Liston. "I don't want to be near him," Clay said.

Liston, who alternately frowned and smiled, got into the act by pulling out a pair of rabbit fur-coated boxing gloves and asking Clay if he wanted the

champion to wear those for Clay's safety.

Clay seemed at a loss for words before waving off the offer with his oft-repeated: "I'm the greatest, I ain't scared of nobody."

Liston scored one-round knockouts over Patterson in winning the title at Chicago and in their return match at Las Vegas last July. The second vic-

tory over Patterson was his 28th straight and his 35th in 36 bouts. Liston has knocked out 25 opponents.

Clay has recorded 19 victories since turning pro after winning the light heavyweight crown in the 1960 Olympics. In his last appearance he stopped Henry Cooper, British heavyweight champion, in the fifth round last June 18 in London.

MSU's Earl Lattimer Chosen Lineman Of The Week By AP

EAST LANSING, Mich. (AP) — Earl Lattimer, a Michigan State guard and linebacker who frequently delights the crowd by turning a somersault when running up to his position, has been chosen the Associated Press Lineman of the Week for his role in Saturday's upset victory over Wisconsin.

Lattimer performs his acrobatics out of sheer enthusiasm for the game. He loves to hit.

Like most of the Spartan line, he is expected to go both ways. Lattimer has been bulldozing a path for the offense and has been a bear on defense all sea-

son. The 5-11, 218-pound senior from Dallas, Tex., was moved from fullback to guard this fall.

He was a standout in the Wisconsin game in which MSU beat the favored Badgers 30-13. This knocked Wisconsin out of eighth place in the national rankings and earned the Spartans No. 9 spot. It also kept Michigan State in a tie for first in the Big Ten with Illinois and Ohio State.

In addition to his line play, Lattimer kicked a 44-yard field goal, booting it against a 17 mile per hour wind. He's hit two out

of three and coaches now figure they will use him for field goals the remainder of the season. He also snagged the only pass interception of the Wisconsin game.

Lattimer was the Lineman of the Week choice over Dick Butkus, 235-pound junior Illinois center and linebacker. Butkus led the rush against Purdue quarterback Ron Digravio to keep the Illini in Big Ten title contention with a 41-21 win.

A leading West Coast nominee was a Norwegian skier, Koll Hagen, converted to American football and doing standout work at guard for the University of Washington.

The 1952 Giants won 39 of their last 47 games to take the National League pennant after a playoff with the Dodgers.

Pitt's Fred Mazurek Named Back Of Week

The game was half over, and Pittsburgh was taking a football beating from Syracuse. Going into the third period, the New Yorkers were ahead 21-8. A swirling snowstorm played hide-and-seek with the sun at Pitt Stadium. Lightning flashed and there were sharp thunderclaps.

Then, a bolt struck Syracuse — 190-pound, 5-foot-10 bolt Fred Mazurek.

Mazurek streaked 41 yards for a touchdown. Then he began hitting targets with short passes and, before you knew it, Pitt had scored again. Mazurek shot a pass to end Al Grigaliunas: Touchdown No. 3 in the quarter, and Pitt led 28-21.

Syracuse added another touchdown in the fourth period. Mazurek went down under a pile of tacklers and had to leave the game with a leg injury. Just before the end, he hobbled back onto the field and drove his team to a clinching score.

Pitt was the winner 35-27, and on the strength of his brilliant individual performance, Mazurek was named today The Associated Press' Back of the Week.

Mazurek won the Back of the Week nomination in a close contest with a number of other backfield stars, including the great Roger Staubach of Navy, Don Trull of Baylor, Billy Lott of Georgia Tech, Bob Schweickert of Virginia Tech, Junior Edge of North Carolina and Jimmy Sidle of Auburn.

Other outstanding backs included Tom Nowatzke, Indiana; Ken Waldrop, Army; Jim Grabowski, Illinois; Tony Crosby, Texas; Bob Timberlake, Michigan; Pete Liske, Penn State; Cosmo Iacavazzi of Princeton, and Larry Brinkley, Florida State.

HER MAYORSHIP

FIVE TIMES dynamic Charlotte Whitton has been elected mayor of Ottawa, Canada's capital city—a big responsibility for a small (physically) woman. No ordinary mayor, she combines toughness with charm. At 67, she meets all comers in political debate and watches over the new Ottawa she helped create. Here is a quick portrait (since she's always moving).

She welcomes Queen Mother Elizabeth (left) during 1962 visit.

As we see it

By LYNN BROWNE & GLENN SCHOTTEN

Only two of the district matches in this final weekend of regular season football have any significance to league play, but six other games have interest for fans who follow the participants.

It's been a long rugged season, not only for the gridgers, but for guessers, too. While the footballers have only physical wounds that will heal, the scars of a predictor's hurt ego are deeper and harder to erase.

Up to now, for every three "wins," we've lost one. The cumulative score, after nine of ten right last week, totals 75 per cent.

OF MAJOR INTEREST in the Tri-County League this weekend are the Louisville-Minerva bout at Louisville and the Columbiana-East Palestine match on the Bulldogs' field.

Should the Minerva Lions make possible what most observers think is an "impossibility"—defeat the Leopards in the showdown battle—it would throw the Tri-County League "Run for the Little Roses" into a three-way tie among these Stark County schools and Lisbon, Columbiana County's pride and joy.

Not since the Tri-County (Athletic) League, oldest continuous league in Ohio, was organized in 1931 have three teams tied for first place. The last tie was in 1960 when Poland and East Palestine shared the cup. Only other deadlock since Minerva took the first championship in 1932 was in 1951 when the Blue Devils and Lions halved honors.

A Leopard conquest, of course, would mean the Louisville powerhouse's second undisputed crown in a row, something they haven't accomplished since the 1948-49 seasons. Lisbon would then take runner-up honors and Minerva would drop to third.

Minerva has come on strong in its last six games since Lisbon edged them, 8-6, in the third game of the season. The Lions have outscored their opponents since that loss, 196-32, with a point total of 268 to 66 for the season. Louisville, however, has chalked up 388 points, holding the opponents to 54 with East Palestine and Poland the only league foes able to cross their goal line.

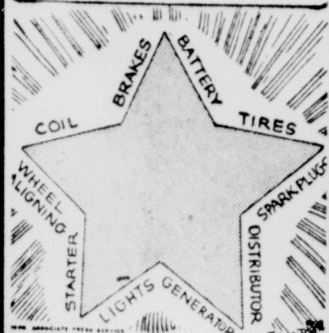

For reasons of this record and for two other sterling reasons—identified as Dale Minor and Bob Gladioux, Stark County's leading scorers—Louisville, with the advantage of a home crowd boosting them, will end Minerva's six game streak and re-capture the crown. Louisville by three touchdowns.

RIDING ON THE WINGS of an impending close battle between Columbiana and East Palestine is another interesting and even better possibility in league play. These two teams could conceivably end up in a three-way fourth place tie with Poland, depending on the final placing of Louisville, Lisbon, and Minerva.

Poland would up its league play with a 3-4 mark last week going down 30-12 to Minerva. The three-way tie would ev-

DICK HOOVER'S practically flawless pushaway made him an early champion.

Proper Pushaway Is Important In Smooth Delivery

By RAY BLUTH

Newspaper Enterprise Assn. When Dick Hoover first started setting the bowling world afire as a teen-age prodigy, it became perfectly obvious that one thing he did better than anyone else was the pushaway.

This action triggers the entire approach and, properly executed, it activates the forward motion that is so essential to a proper swing.

Hoover pushes the ball forward smoothly and gradually and on a downward plane. Perhaps pushaway is a bad term for the action because the ball is gently shoved rather than rudely pushed by Hoover. There is nothing jerky or quick about the action.

Dick advances the ball just slightly to the right. He warns you must avoid advancing the ball to the left. It must go either straight ahead or slightly to the right.

An improper pushaway can cause the ball to be late or arrive at the point of release too soon.

Machen Knocks Out McMurray In 7th

SACRAMENTO, Calif. (AP)—Eddie Machen, 197, now fighting out of Berkeley, Calif., knocked out Bull McMurray, 208½, Sacramento, in the seventh round of a scheduled 10-round boxing main event Tuesday night.

McMurray was counted out by referee Vern Bybee in 2:13 of the seventh round. There were no earlier knockdowns, but Machen compiled a big lead in points. He stopped McMurray with two hard rights to the head and body followed by a left hook to the body.

The referee's score card had it 6-0 Machen. One judge had it 5-0-1 Machen while the other had Machen ahead 4-2.

3 Boxing Champions Receive Recognition

NEW YORK (AP) — Three boxing champions who did not defend their title—Emile Griffith, Carlos Ortiz and Sugar Ramos—were named Fighters of the Month by Ring Magazine today for their performances in non-title bouts.

Griffith, welterweight champion, defeated Joe Gonzalez. Ortiz, lightweight titleholder, outpointed Maurice Cullen. Ramos, featherweight kingpin, stopped Sammy McSpadden.

The biggest move in the ratings was by Joey Archer of New York, who jumped from fourth to second in the middleweight rankings after outpointing Ruben Carter.

In the heavyweight division, Cleveland Williams of Houston moved from fifth to fourth and Zora Folley of Chandler, Ariz., advanced from sixth to fifth. Former champion Floyd Patterson, who has been inactive, dropped two notches to sixth.

Man Bound Over In Newspaper Shooting

MOUNT VERNON, Ohio (AP)—Orville Perkey, 33, of Galion, charged with first-degree murder and shooting to wound, waived preliminary hearing when arraigned before Judge Eugene Puglisi in Municipal Court today and was bound to the Knox County grand jury.

Prosecutor Charles Ayrs said he will recall the September grand jury for a session next week to consider Perkey's case.

The charges stem from a shooting in the Mount Vernon News office Oct. 30 after Perkey tried to see his former wife, Peggy Walker, 25, an advertising employee. In the shooting which followed, Richard Merrin, 46, advertising salesman of the News, was killed, and Joseph Poljak, 33, and Malcolm Francis, both composing room employees, were wounded slightly.

Flask Ousts Savasteen In Youngstown Mayor's Race

By The Associated Press

MAYNARD E. (Jack) Sensenbrenner, former Columbus mayor going against what political observers said were heavy odds, unseated Republican Mayor W. Ralston Westlake in the Columbus mayoralty race Tuesday.

The race was one of only a few in Ohio's major cities where there was a contest for mayor.

In another, Anthony B. Flask, Democratic president of the Youngstown City Council, ousted Mayor Harry N. Savasteen.

Sensenbrenner's victory margin was close, about the same as it was four years ago when Westlake defeated him for the post. He received an unofficial 58,752 votes to 53,754 for Westlake.

Flask, who went to court to keep his name on the ballot, won by a decisive margin over Savasteen, 30,454 to 24,679.

The Ohio Supreme Court only recently declined to hear an appeal from a suit that sought to remove Flask's name from the ballot on grounds it was placed there illegally by the Elections Board.

Cleveland Mayor Ralph S. Locher ran unopposed on his city's Democratic ballot.

Here's a list of other Ohio mayoralty races (I-incumbent):

EAST LIVERPOOL: Merrill Hall, R, 3,075; Frank P. Duffy, D, 2,970.

STRUTHERS: Bruce Papalia, D, defeated Stanley Davis, R.

CAMPBELL: Joseph A. Vrabel (I), D, defeated John Richards and Joseph Serrilla, independents.

WARREN: Raymond E. Schryver, D, 10,348; Robert W. Dunston (I), R, 9,451.

RAVENNA: Thomas H. Ritzenour (I), D, defeated Walter L. Hugill, R.

KENT: Frank J. Lange, D, defeated Lucius B. Lyman, R.

NILES: Carmen DeChristofaro, R, 4,088; Edward Lenney (I), D, 3,255.

WELLSVILLE: William Daugherty (I), defeated Wayne J. Rose, R.

EAST PALESTINE: Robert Harding (I), R, defeated James H. Knight, D, and Stephen Bozick, independent.

CANTON: Stanley Cmich, R, defeated Charles L. Babcock, D, two-term mayor who lost in 1961 to Republican James M. Lawhun. City Council switched from 9-6 in favor of Republicans to 9-6 for Democrats.

Fire Levy In Summitville Wins Passage

SUMMITVILLE — A 5-mill fire protection levy passed by 12 votes here Tuesday. The levy will produce nearly \$500 yearly to be paid to the Franklin Township Volunteer Fire Department.

The final tabulation was 38 for the levy, 26 opposed.

Forrest Thompson was re-elected township trustee by the 271 voters, winning over three other aspirants. Others seeking

election were George McPherson, Carl Blake and William Ball.

The trustee voting was:

Thompson	118
Blake	48
McPherson	51
Ball	40

In the contest for township clerk, incumbent Miss Coletta Kelley won handily over her single opponent, Mrs. Carol Briceland, 165-70.

Voters in the township favored Pete Marra and Jack Hanley for positions on the Southern Local School Board. Others in the race were Edward Thompson and Martin Adams. Tabulation of the entire school district will decide the winners.

The Southern Local Board of Education voting was:

Marra	179
Hanley	115
Thompson	72
Adams	45

A bond issue to provide funds for adding classrooms to the Southern Local school and a two-mill expense levy renewal were rejected by the voters. The vote on the bond issue was 117 against and 47 for while the vote on the levy was 190 against and 53 for.

The voters also decided against transferring the township from Southern Local School District to Carroll County and also rejected the county welfare and TB issues and state issue No. 1.

Mayor Ernest Phillips received 47 complimentary votes; Clerk Marjorie Roberts received 52; Treasurer Evelyn Rogers got 57 and Councilmen Robert Carter and Arthur Kosko received 51 and 50 votes, respectively. They were all unopposed.

Lisbon Board Hires Muntean As Substitute Driver

LISBON — The Village School Board Tuesday evening hired Monty Muntean of 22 Morris St. as a substitute school bus driver.

Members also approved free use of school buildings for adult education classes, provided no extra expenses for janitor's services are entailed.

The board voted to participate in a vocational educational survey for Columbiana County the costs are not excessive.

Members discussed the purchase of engine preheaters for busses to assure starting on cold mornings, but deferred action on the matter.

The Penn-Ohio Towel Supply Company's request for a price adjustment from 12 to 14 cents on aprons and from 4 to 5 cents on dish towels failed to win board approval.

Bills of \$43,697 were ordered paid. The board's next meeting will be Dec. 10 at 7:30 p.m.

'Accidental Suicide' Listed In Deaths of Diem, Brother

SAIGON (AP) — South Vietnam's revolutionary government claimed today President Ngo Dinh Diem and his brother, Ngo Dinh Nhu, committed "accidental suicide" — they were killed while struggling for a guard's pistol.

The latest official version of the brothers' deaths contradicts widely believed accounts that they were murdered by rebel troops in an armored personnel carrier last Saturday after they surrendered at a Roman Catholic church.

The revolutionary junta announced Saturday that Diem and Nhu, his closest adviser, shot themselves. Today Brig. Gen. Tran Tu Oai, minister of information in the new provisional government, gave this account to a news conference:

After the brothers surrendered, Diem entered the armored car but Nhu protested. "Why are you using this armored car?" he asked.

A crowd had gathered and began shouting. The rebel officers were afraid that if Diem and Nhu were not spirited away, the mob would lynch them. An army captain tried to push Nhu into the carrier, but Nhu turned around and grabbed the captain's pistol. As they wrestled for the weapon, the officer managed to drag Nhu into the car.

Oai gave no further details but added:

ren and would try instead to bring them to the United States. The three children—Trac, 15, Guyanh, 11, and their sister, Le Guyen, 4—were flown by a U.S. military plane to Bangkok, Thailand. A U.S. Embassy official accompanied them aboard a commercial airliner to Rome, where Archbishop Thuc took charge of them.

FBI AGENT TRANSFERRED

CLEVELAND (AP) — Edward E. Hargett, head of the Cleveland FBI office since August 1959, will become head of the FBI operations in St. Louis and be succeeded here by Andrew M. Dinsmore, now head of the St. Louis office.

Hargett, 52, announced Tuesday that the switch will take place in about two weeks. Such transfer of top FBI agents are routine.
